Smart Cities & Smart Readiness Indicators for Buildings

SMART CITIES – BUILDINGS & PUBLIC SPACES

The Co-relation

- Smart cities – The India journey so far, crumbling infrastructure in India mega cities.
- Smart buildings – connected buildings adoption rate, why is it not finding traction? Are the Buildings ready yet?
- Driving energy efficiency through smart indicators in smart buildings.
- Can energy efficiency bring savings, if yes then why is the adoption so low?
- Smart technology has to commensurate with smart financing / innovative adoption of technology.
- How can we tie smart technology, smart financing and public procurement with quality , reliability and above all Sustainability ?
